

DONATIONS

A brief background to our current situation:

120 children were introduced to our violin lessons in 2015- 2016 and now nearing the end of 2017 we have 32 learners remaining, who play actively and regularly. Only 16 of our children are currently funded which leaves half of our learners looking for donations and funding to continue their violin tuition for the remainder of 2017 as well as for 2018.

MUZUKIDZ would also like to offer this incredible violin learning opportunity every year to a new group of incoming grade R learners.

Our most urgent needs for the remainder of this year and the upcoming year 2018 are as follows:
